

Boltaflex[®]
Coated Fabric Upholstery

Heritage

Heritage, a phthalate-free **Boltaflex**[®] vinyl upholstery, draws inspiration from smooth, well-worn leather. Its natural color palette ranges from deep worn black and classic saddle tan to modern grays.

Designed for high-performance applications in a variety of contract settings, *Heritage* is made to look great and last longer. Our industry-leading **PreFixx**[®] Protective Finish has been tested to more than 400,000 double rubs and offers exceptional stain and chemical resistance. *Heritage* brings a timeless look to furniture with state-of-the-art technology for excellent durability, no matter the application.

Applications

Indoor/Outdoor

- Corporate Office • Food Service • Healthcare • Hospitality and Entertainment
- Recreational Vehicles • Retail • Marine

Though our upholstery can be used in many applications, customers are responsible for selecting an upholstery with attributes that meet the requirements of the specific end-use application – not all upholstery is suitable for all applications.

Multiple factors affect fabric durability and appearance retention, including end-user application and proper maintenance. Wyzenbeek results above 100,000 double rubs have not been shown to be a reliable indicator of increased fabric lifespan.
