

Boltaflex[®]
Performance Fabrics

Aerial & Melange
with coordinating pattern Verde

Offerings in the **Boltaflex Ethos**[™] collection of upholsteries

With a finger on the pulse of global innovations in design, technology, art and culture, we are delighted to present *Aerial* and *Melange*.

Inspired by global trends and timeless influences, both patterns offer a high design solution for practical upholstery needs. Combining thoughtful and elegant prints and colors with supreme clean-ability and our new eco-friendly construction, *Aerial* and *Melange* are stand-out products in the coated fabrics market.

Aerial and *Melange* coordinate perfectly with the recently expanded *Verde* line which features an extensive palette of 58 colors.

All are formulated without phthalates, fire retardants or antimicrobial additives.

Melange

Inspired by Mid-Century Modern aesthetics and the era in textile manufacturing where designers applied knowledge of hand-crafted techniques to industrially-produced fibers and materials.

Aerial

Inspired by the view from above, *Aerial* simplifies busy streets into a meditative and connected pattern, reminiscent of a leaf structure under a microscope view.

Content	100% PVC face, polyester terry loop knit backing
Features	Eco-preferred construction <ul style="list-style-type: none">- Phthalate free- Antimicrobial (MR) and flame retardant (FR) free- Complies with Section 101: Lead, and Section 108: Phthalates of the CPSIA and RoHS directive (Updated March 2015)
Finish	PreFixx® protective finish for increased stain resistance and easy cleaning. Bleach cleanable and may be disinfected with a variety of hospital grade disinfectants without discoloring or damaging the finish. Disinfection does not replace the need for regular care and maintenance. For a list of recommended disinfectants, view the Coated Fabrics Chemical Resistance Technical Bulletin located at https://www.omnova.com/product-types/coated-fabrics-upholstery/for-healthcare .
Weight	28 oz/lin. yd [18.7 oz/yd ²] / 849 g/lin. m [619 g/m ²]
Width	54 in [137 cm]
Repeat	18" wide x 18" high
Performance Requirements	Meets or exceeds ACT Performance Guidelines CFFA Healthcare 201 Certified
	     
	Also meets or exceeds: <ul style="list-style-type: none">• CFFA-1a Wyzenbeek - 1.3 million double rubs (cotton duck abradant)• BIFMA, Class A• California Technical Bulletin 117-2013, Section 1• NFPA 260, Class 1• UFAC Fabric, Class 1
Applications	Indoor <ul style="list-style-type: none">• Corporate Office • Food Service • Healthcare • Hospitality and Entertainment• Recreational Vehicles • Retail

Though our upholsteries can be used in many applications, customers are responsible for selecting an upholstery with attributes that meet the requirements of the specific end-use application – not all upholstery is suitable for all applications.

Multiple factors affect fabric durability and appearance retention, including end-user application and proper maintenance. Wyzenbeek results above 100,000 double rubs have not been shown to be a reliable indicator of increased fabric lifespan.
